## BirdBarricade

Protect your prized planting and all your hard work from destructive birds, scavenger animals and other pests the humane way with DeWitt's Deluxe Bird Barricade. Deluxe Bird Barricade is an environmentally safe mesh netting made from 1/4" polyethelene strands bonded together and treated with UV for longer lasting durability.

## Retail Landscape Fabric & Pins

### Landscape Fabric

**DeWitt Weed Barrier™ 3 Yr.** is great for annual landscapes. It is an entry-level garden fabric used to suppress weed growth without the use of chemicals. It conserves soil moisture and promotes plant growth by eliminating competing weeds. 3 Yr. is a UV treated fabric.

**DeWitt Weed Barrier™ 6 Yr.** is great for economical landscapes. It is ideal for short-term weed control for annual plantings. Made of polypropylene, this fabric consists of three layers of laminated spun-bound fabric for added strength and extra light blockage.

**DeWitt Weed Barrier™ 12 Yr.** is excellent for long-term landscapes. It is an easy-to-use, environmentally safe fabric that controls weeds before they start.

**DeWitt Weed Barrier™ 15 Yr.** is perfect for commercial-grade landscapes. Developed as a high-grade 3 oz. woven polypropylene fabric for the cost conscious customer who still wants professional quality.

**DeWitt Weed Barrier™ 20 Yr.** is perfect for permanent landscapes. Best for the cost conscious professional. Ideal for retail customers who demand professional quality products. A 4.1 oz. woven polypropylene needle-punched fabric with reinforced fiber for extra durability.
