DANZIGER GUATEMALA

Your Source for High Quality Plant Material

Located in
Nueva-Santa Rosa, Guatemala

50 Acres
and Expanding

Provides services mainly
to the North American market

Employees: 700

We pride ourselves as being a center of excellence for both breeding and production of plants and flowers. Our production processes take place in state-of-the-art facilities with cutting edge equipment in order to produce and supply top quality plant material.

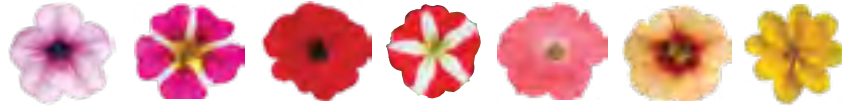

- End-to-end production supply chain
- High quality, clean and uniform plant material
- Global operations
- Agile response to our customers needs 24/7
- Advanced information technology support systems
- Strong link to market
- International production standards

G.G.N 4052852210072

GROW YOUR SUCCESS

Empower your success with our tools and information

Technical information

We support you with comprehensive technical information, including specifications, propagation & finishing tips and trial pictures to help you get the best outcome from our genetics. Scan the QR to learn more.

Image library

Enjoy the convenience of accessing our catalog images for your needs! We offer a wide range of beautiful images to help you sell our genetics easier. Simply scan the QR code, fill out the form, and download.*

Retail and branding solutions

Discover our retail and branding solutions designed to help you market our products effectively. For more information contact our marketing team: Marketing@danziger.co.il

Availability in a click

You can conveniently check the availability of our products online on our website. Stay informed and plan your purchases effortlessly.

Visit our website: www.danzigeronline.com

*Please note that all images presented on this platform are either property of Danziger or are used by permission, and any use or transfer of these images is subject to the above and to Danziger's sole discretion.

Announcing a change in our catalog publishing

In line with many others in our industry, and with environmental responsibility in mind, Danziger has made the decision to publish our catalog every other year. Therefore, this printed catalog is valid for 2 years—please save it for your reference. For the 2026 season, our new items will be marketed digitally. Full data, images, and culture info will be available online.

We are confident that this adjustment will reduce our environmental impact while maintaining our commitment to customer service. As always, we are here to support your needs.

We thank you for your partnership and look forward to a bright future together.

DuraBella® Long Lasting Beauty

Having the right ingredients is the first step in creating a successful recipe, and DURABELLA® is exactly that. Our teams in the US and Europe come together with a shared passion for excellence, assembling recipe to suit their market's taste and create the perfect blend of varieties. This ensures that everyone can enjoy the beauty of DURABELLA® in their own unique style. These combinations are selected and tested for great performance, resulting in stunning displays that last longer for the consumer.

My top pick from the 2025 catalog:

Osticade™ Magenta

The allure of Osticade™ Magenta is truly enchanting, with stunning pink-purple flowers that add a vibrant touch to any hanging basket or patio pot. Featuring an early flowering time and a mounded/semi-trailing habit, it thrives in warm greenhouses without cooling, making it a versatile and easy-to-grow option for growers.

My top pick from the 2025 catalog:

Ray™ Shadow

Ray™ Shadow is an exceptional and unique variety. The large flowers start out yellow with a deep purple eye. As the blooms mature, they transform to shades of muted purple and bronzy blush tones while keeping the same dark center. This variety features a mounding habit, making it ideal for tidy baskets, small pots and fashion forward combinations.

The information regarding tolerance presented in this catalog is the result of tolerance demonstrated on field observation and/or laboratory diagnostics, as applicable. Danziger makes no representation and does not warrant or guarantee that the variety will indeed present the said tolerance in practice due, among other, to different factors who might accrue in the cultivation area.

PERENNIALS

THINKPLANTS®

Danziger is proud to be a founding participant in the ThinkPlants initiative for the North American market, offering a diverse mix of top quality URC, bareroot, liners and seed items.

ThinkPlants® participants represent a dedicated team, including plant breeders and other horticulture experts, seamlessly connected to a supply chain.

All Danziger genetics are first-year flowering. This means that they have no bulking or vernalization requirements but can also be produced through traditional means.

KIRELLA™ | Heuchera hybrida

- First-year flowering with no bulking or vernalization requirements
- Beautiful mounding habit
- Foliage is deeper lobed and slightly more compact than KIRA™
- Excellent heat and drought tolerance
- Works well in quarts and combinations
- Available as URC, RC and Callus

Kirella™ Fresh Green

1st
YEAR
Flowering

FIRST FLUSH™ | *Iberis sempervirens*

- First-year flowering with no bulking or vernalization requirements
- Takes the heat which extends the selling season for this typically early spring season crop
- Benefits from 14 days of cool temperatures (10C/50F or less) for uniform flowering

Mounded	Spring	Gal+	Landscape	Hanging basket	Ground cover	6-8in 15-20cm	12-14in 30-35cm	4-9

First Flush™ Grace

First Flush™ Lavender

LAMI™ | *Lamium maculatum*

- First-year flowering with no vernalization or bulking required
- Early abundant flowering

Semi-Trailing	Summer	Qt, Gal	Landscape	Hanging basket	Ground cover	6in 15cm	12in 25 cm	3-8

Lami™ Dark Purple

LAYLA™ | *Lavendula angustifolia*

- First-year flowering with no bulking or vernalization requirements
- Well branched
- Prolonged flowering spring to fall
- Highly fragrant
- Compact and upright habit, little to no PGR needed

Delivering Convenience and Flexibility Together

Online Ordering System

Our online ordering system is designed for your convenience, ensuring that placing and managing orders is both quick and effortless.

- Place new orders
- Update existing orders
- EDI connection for faster service
- Access real time availability
- Placing stand by orders

Contact our team today to start ordering through our user-friendly online system.

Flexible Ordering Protocol

FIRST CUTOFF

Until Tuesday, one week before the shipment date, new orders and changes can be made, until 5 pm EST.

LATE ORDERS

Until Friday the week before shipping, new orders can be made until 5 pm EST.

STAND BY

If product is not showing available, a standby order can be placed by EDI or requested by email. Our customer service team will review and respond within 48 hours.

Order Terms

- Minimum Orders - 2,000 URC's & 100 per variety
- Annuals, Perennials and Floresta™ foliage can be combined to same order. Foliage will ship in a separate box from annuals and perennials
- Stand by orders will be answered within 48 hours
